

# Team Ghost

YOU NEVER DID ANYTHING WRONG TO ME E.P  
RELEASED MAY 3

**Team Ghost** is the new band formed by **Nicolas Fromageau**, a founding member of **M83** alongside Anthony Gonzalez. After co-writing M83's first two albums, 'M83' and the landmark 'Dead Cities, Red Seas & Lost Ghosts', he quit and left his native Antibes for Paris. Now he returns as Team Ghost, backed by multi-instrumentalist **Christophe Guérin** and producer/manager **Jean-Philippe Talaga** (founder of Goom Disques).

Their debut EP, 'You Never Did Anything Wrong To Me', is released on Sonic Cathedral Recordings on May 3. It will be available as a limited-edition black and white vinyl 10-inch and a download. Musically, it takes the M83 blueprint of electronica, shoegaze and cinematic, Eno-esque soundscapes and adds krautrock rhythms, the sleazy Suicide-like post-punk of JJ Burnel's 'Euroman Cometh' and the stark synth-pop of the French coldwave. The full tracklisting is:

1. **Lonely, Lonely, Lonely**
2. **A Glorious Time**
3. **Sur Nous Les Étincelles Du Soleil**
4. **Echoes**
5. **Only You Can Break My Heart**
6. **Colors In Time**
7. **Deaf (digital release only)**
